

**It is with great pleasure that the Board of Directors
of the Lewis County Agricultural Society dedicate
this 189th Edition of the Lewis County Fair Premium
Book to**

The Village and Town of Lowville

The Village and Town of Lowville are always willing to help the Lewis County Agricultural Society in ways both large and small and this is why we proudly dedicate our 2009 Premium Book to them.

For years both town and village officials have willingly assisted with special projects with both equipment and manpower when projects were beyond the Agricultural Societies scope of abilities along with general maintenance assistance, and emergency services. For years the Village or Town has helped with the movement and setup of the "Showwagon".

The pavilion and playground are examples of cooperative efforts of our boards. The pavilion is jointly owned by the Agricultural Society and the Village of Lowville and used exclusively in the winter for the Town and Village Winter Recreation program. The playground is owned by the village within the fairgrounds area known as Forest Park. The pavilion was constructed by the Agricultural Society with grant monies and volunteers. The labor forced consisted of Town and Village employees, community volunteers as well as members of the Mennonite Camping Association.

The Lewis County Agricultural Society is a group of dedicated volunteers who oversee a large complex of buildings and land. We would not have been as successful in developing such a beautiful park and been able to maintain our infrastructure without the help of municipalities like the Village and Town of Lowville. It truly takes a community wide effort and the Village and Town have been there when we needed them.

We thank the Village and Town of Lowville for their past help and look forward to many years of continued cooperation and support.
